Remember that when multiple CDE/LDEs are held on the same date, a student is only eligible to participate in one event. Please “begin with the end in mind” and check the calendar for state CDE/LDEs before competing in Area events. Some Area events that are held on different days, have the state round of competition held on the same day. When the state events are held on the same day, students are eligible to participate in only one of the events.
